

CRG EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: In situ studies of nucleation and growth mechanisms in piezoelectric oxide thin films and nano-composites prepared by chemical solution deposition	Experiment number: 01-02 1142
Main-Proposer : Mari-Ann EINARSRUD	
Beamline and dates of experiment : BM01 – 16/07 to 22/07/2017 (14 Shifts)	

A confidential report was submitted for this experiment; it was sent to the CRG Office on 11 September 2017.
