EUROPEAN SYNCHROTRON RADIATION FACILITY

CryoEM EXPERIMENT

CONFIDENTIAL REPORT

Experiment title:	Experiment number:
Cryo-EM structure of a humanized form of archaeal	MX-2168
ferritin where cytochrome c has been encapsulated	
Main-Proposer :	
Linda celeste Montemiglio	
Beamline and dates of experiment :	
12 to 15/04/2019 – 9 shifts on CM01	

A confidential report was submitted for this experiment; it was sent to the User Office on 28/01/2020.
