

Article title: Dynamics of incipient carbon particle formation in a stabilized ethylene flame by in-situ extended-small-angle- and wide-angle X-ray scattering

Authors: Frederik Ossler, Linda Vallengag, Sophie E. Canton, J. Brian A. Mitchell, Jean-Luc Le Garrec, Michael Sztucki, Stefano di Stasio.

Journal title: Carbon

Corresponding author: Dr. Frederik Ossler

First author: Dr. Frederik Ossler

The Paper describes results from the Experiments MA956
