

LONG TERM PROJECT (LTP) EXPERIMENT

FINAL REPORT

Experiment title: Nuclear resonance experiments at Earth's core conditions using pulsed-laser heating in a diamond anvil cell	Experiment number: HC-1999
Main-Proposer : Catherine MCCAMMON	
Beamline and dates of experiment : ID18	
22/11/2015	03/12/2015
04/04/2016	12/04/2016
23/11/2016	28/11/2016
24/01/2017	31/01/2017
24/06/2017	04/07/2017

A confidential report was submitted for this experiment; it was sent to the User Office **29 January 2018**.
