

CryoEM EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: 'High-Resolution Structure of Full-Length FtsH, an ATP-Dependent Integral Membrane Protease'	Experiment number: MX-2095
Main-Proposer : Ulrich Baumann	
Beamline and dates of experiment : 27-31/08/2018 – 9 shifts on CM01	

A confidential report was submitted for this experiment; it was sent to the User Office on 17 October 2018.
